

Refrigerant Leak Detector

The D-TEK Select is an easy to use and universal Rechargeable Refrigerant Leak Detector with Case

INFICON
D-TEK Select
Refrigerant Leak Detector

Part#: CP6084E

FEATURES AT A GLANCE

- 3 g/year (0.10 oz/year) sensitivity
- Sensitive to all refrigerants, including R-22, R-134a, R-404a, R-410a, R-507 (AZ-50), HFO-1234yf and all CFCs, HCFCs and HFCs
- 1,000-hour infrared cell life for low cost of ownership
- Manual zeroing ignores user-programmed refrigerant levels when activated
- Infrared cell does not weaken over time, so response remains consistent and accurate
- Infrared cell cannot be overloaded or "poisoned" by exposure to large amounts of refrigerant
- High-efficiency air sampling pump provides quick response and quick clearing ("zeroing")
- On-board diagnostics indicate charging status and warn of low battery or infrared cell failure
- NiMH battery is environmentally friendly, won't corrode, and provides greater charging capacity
- Enhanced filter design for superior filtration and resistance to contaminants
- Ability to run off AC power adapter
- Made in the USA
